## I. General Information

The *Chinese American Educational Research and Development Association* (CAERDA), which is affiliated with the *American Educational Research Association* (AERA), is an international professional organization of educators and educational researchers. It is committed to excellence in learning and instruction across the educational spectrum. CAERDA holds an annual conference in the North America. The conference serves as an open forum for interdisciplinary discussion and scholarly exchange of ideas among educational researchers and practitioners, who present their original research and draw implications for the broad educational community. The conference program primarily consists of empirical studies selected through a blind peer-review process. Additionally, there are invited presentations, symposia, and panel discussions that feature the annual conference theme. Selected high quality papers for the annual conferences in the United States are invited to submit to the *New Waves-Educational Research and Development* (CAERDA's peer-reviewed online journal), or to CAERDA's featured publication in its book series. The 2018 conference will take place in New York, NY, USA during April 12-13, 2018.

## II. Conference Theme

The theme of the 2018 international conference is "The Dreams, Possibilities, and Challenges of Education: Moving Forward for Innovation and Transformation." Currently, topics related to diversity, justice, and innovation have received significant attention in education. Dreams inspire us to make possible what often seems impossible about education. During the last 26 years, CAERDA has built a reputation as an organization that connects educational professionals all over the world through high quality presentations and scholarly publications. This year's conference theme aims to stimulate discussions around high-quality empirical research designed to make the dreams of education possible and transform educational practice. We are particularly interested in proposals that address the conference theme in the following four areas:

**Area 1:** Curriculum development and pedagogical practices.

**Area 2:** Family, school, and community partnerships in a diverse society.

**Area 3:** Educational policy, assessment, and program evaluation.

**Area 4:** Teacher education

In keeping with the CAERDA conference tradition, we also welcome studies addressing other areas of research and practice that may not be directly related to the conference theme, but contribute to the understanding of curriculum, instruction, policy, assessment, and educational research, or the CAERDA's overall mission to promote excellence in education for all.

**Important note for students:** To support graduate/advanced undergraduate students' research, CAERDA will provide up to \$300 each to a maximum of three students to present their research findings at our annual meeting. Once the proposal is accepted, the lead author can apply for Student Travel Award or Student Paper Presentation Award. CAERDA strongly encourages graduate/advanced undergraduate students to participate and present their research findings at our annual meeting. This is a great opportunity for students to interact with scholars in the field and obtain feedback for their scholarly work. More detailed information can be found on the CAERDA website at <http://www.caerda.org>

## III. Types of Proposals

**Individual proposal:** An individual proposal involves a single **paper** with one or more authors who will do an oral presentation. Each individual proposal should include a title and an abstract, along with the following components: (a) Purpose and Significance of the Study, (b) Theoretical Framework, (c) Method, (d) Results or Preliminary Findings, and (e) Discussion/Conclusion.

**Session proposal:** A session proposal is for a **symposium** with multiple presentations to examine a specific topic from various perspectives or to engage in intensive discussions on a specific topic. Sessions are generally scheduled for more than an hour period and include four to six presentations. The organizer of the session must identify a session Chair and a Discussant and provide the title, abstract, objectives of the session, a brief summary of the presentations, scholarly significance of the session, and the structure of the session.

Once the proposal has been accepted elsewhere, you must notify the Conference Chair to withdraw your submission immediately. You may not present the paper with the same content at more than one conference.

#### V. Procedures and Policies

**Review process:** All proposals will be blind-reviewed by at least two reviewers. Evaluation criteria include the following: purposes and significance (originality and relevance to the conference theme); theoretical framework (rationale, literature review, and theoretical grounding); method (design, data collection, and analytical procedures); results or preliminary findings; discussion/conclusion (implications to research and/or practices); and quality of writing (clarity, organization, and professional style). **Proposals not following the guidelines specified above will be rejected immediately.**

**Notification:** Proposal submitters will receive notification of decision in early **February 2018**. Only the first/corresponding author (for co-authored papers) and the organizer (for symposia) will be notified of the acceptance (or non-acceptance) of the proposal. The first author/corresponding author or session organizer is responsible for notifying all participants involved.

**Withdrawal:** All presenting authors must register for the conference on or before **March 25, 2018**. Failure to register for the conference will result in the proposal being removed from the program without further notices. If you are unable to attend the conference, please notify the Conference Chairs by **March 25, 2018** to withdraw your presentation from the conference program. After **March 25, 2018**, no withdrawal will be accepted, and it is the responsibility of the presenter(s) to delegate another person to present.
