Highlights of 2004 CAERDA Annual Conference

The 2004 CAERDA Annual Conference was held in the Hilton San Diego Gaslamp Hotel in San Diego, California on April 11-12, as scheduled. Thanks to Dr. Steve Yuen, the conference chair and his planning team, the annual conference was a big success. The conference started with two keynote speeches. Dr. Allen Huang, Provost of University of Northern Colorado discussed challenges and opportunities for higher education institutions and shared his own experiences as a college administrator and leader with the audience. Dr. Yong Zhao, Professor and Director for Center of Technology and Teaching at Michigan State University discussed education reform issues from a cross-cultural perspective and research opportunities for Asian American scholars. He also shared information and ideas that he collected from the recent APEC Summit on Education Reform. Conference participants found the two keynote speeches useful and intriguing.

The conference continued with the Teacher Quality Panel moderated by Dr. Jianping Shen of Western Michigan University. Three panelists discussed teacher quality issues from the United States (Dr. Rhoda Lowinger), China (Dr. Jianjun Wang), and Taiwan (Dr. Samuel Peng). A total of 29 papers were presented in 9 concurrent sessions at the conference following the panel discussion. Preliminary versions of these papers and the conference proceedings are available on-line at <http://conference.caerda.org/> and on CD-Rom (Only a limited number of CDs is available in stock. Contact Dr. Steve Yuen for further information.) In addition, CAERDA also held its traditional annual dinner at the Emerald Chinese Seafood Restaurant in San Diego on April 12. More than 80 people attended the 2004 CAERDA Dinner.

Introducing the New CAERDA Board of Directors

With our great appreciation and gratitude, Drs. Lung-Ching Chiao and Jianping Shen have completed their terms as CAERDA Board members in April 2004. Two new board members, Drs. Harry Tse-Chi Hsu of University of Pittsburgh and Huilan Yang of the W.K. Kellogg Foundation were elected to fill the vacant positions. Several new officials were also elected. They are CAERDA President Dr. Steve Yuen of The University of Southern Mississippi, Vice-President Dr. Aubrey Wang of Educational Testing Service, and Secretary Dr. Fang Wu of Howard University. The new Board would like to extend its sincere thanks to former CAERDA President Dr. Duc-Le To for his leadership and hard work. Sincere thanks also go to all former board members for their collective wisdom, which had been the key to success for CAERDA in the past years.

Letter from Chair of CAERDA 2005 Conference Planning Committee

Dear CAERDA members:

We are very excited about the 2005 CAERDA Conference which will be held on Monday, April 11th, 2005 in Montreal, Canada. We are planning a small-scale conference that is different from our traditional conference. Instead of call for papers, we will have three invited panel presentations on topics involving the globalization of education in Taiwan, China, Hong Kong, Singapore, and Malaysia, and how these issues compare to those found in the U.S. The particular topics are Education Reform and Development; Privatization and Choice in Education; and Use of Technology in Teaching, Learning, and Assessment. Each of the panels will have a structured breakout session for mini-discussion groups, where conference participants can have involved discussions with the panelists about specific issues. Furthermore, we will publish the papers from the panel presentations and the discussion summaries as a series of New Waves issues, as an edited book, or as online proceedings.

We urge you to participate in this conference because you will be able to interact with experts on a personal level, collaborate on summarizing the discussions that may lead to publication, and build your own network of researchers with whom you can consult and collaborate with for potential future projects.

Please visit our conference website at <http://www.caerda.org/conference.htm> for more details in the next couple of months.

We look forward to seeing you in Montreal in April of 2005!

Regards.

Aubrey Wang, Chair
Conference Planning Committee
